PAN GULF
INDUSTRIAL
FABRICATION

INTRODUCTION

Pan Gulf Industrial Fabrication (PGIF) was established in 2008; **specialized in providing quality designs and manufacturing of industrial steel with fully equipped facilities,** supplying to the requirement of all industries, manufacturers, fabricators and contractors.

PGIF facilities are fully equipped with modern machinery, supported by an experienced and specialized team of engineers and technicians, catering to the requirement of all industries, manufacturers, fabricators and contractors.

VISION

To be a diversified business leader committed to sustain excellent performance in every market we serve, innovative in delivering quality products, services and solutions and committed to that all our stakeholders benefit from continued growth and success.

MISSION

To maximize stakeholders' value through consistent business growth and forge ahead of competition by focusing on value added business sectors through strategic partnerships with world-renowned organizations and to sustain leadership by exercising best in class management practice and technology and dynamic environment where each employee finds opportunities for professional growth and job satisfaction

Mr. Ahmad Douri
General Manager

PGIF IS ONE OF THE LEADING MISCELLANEOUS STRUCTURAL STEEL AND GRATING MANUFACTURERS IN SAUDI ARABIA AND THE ENTIRE GCC REGION

I am much obliged to welcome you all to Pan Gulf Industrial Fabrication (PGIF). Within this venue, my aim is to manage and share our expertise for the best of your organizations and ours. I take this privilege of addressing all of you, clients, employees and shareholders to introduce our values and objectives that make us devoted to our promises. PGIF has evolved from a very humble but promising beginning, and within few years we can surely acknowledge the hard work and perseverance that prevails in every project that retaliates in our quality policy statement. To date, PGIF has honed its operation and technical expertise to emerge as a formidable name in the industry providing design, fabrication and operational solutions in all Oil & Gas, Petrochemical, Power and Infrastructure projects. Above all, we are proud to participate in enhancing the local content and generating employment opportunities and thereby contributing to building Saudi Arabia's economy.

With our team of experienced professionals, PGIF is perhaps one of the leading miscellaneous structural steel and grating manufacturers in Saudi Arabia and the entire GCC region. Our quest is to achieve our vision for the future through our association with prominent clients which I am positive with its solid foundations, highly motivated management and dedicated staff will play a catalyst role into striving to achieve perfectiveness, at the same time I look forward to partnerships and business associates that will drive success for us all now and in near future.
